REDACTED Scribe -- QRT has been briefed about tomorrow gathering scheduled for 0900hrs. Crown has consulted, will have trespass and the injunction with the extension which includes counselling as a charge and still mischief. Tactics will be negotiations, let know they are not welcome here. 2 cruisers to block exit to Huron Church parking lot. QRT will control the intersection and manage going through and limit vehicles. Protestors can protest on the sidewalk. Major Crime preparing pamphlet to hand out. ESU has been briefed, will be on the ground. 2 tow trucks may be placed on standby in the area. There is no traction on the website, will speed monitoring.

Still no action traction on Craigslist post for tomorrow morning. Planning for protest but still unfounded.

From units on the ground - all quiet so far. No obvious signs of gathering at Canadian Tire. Immediate Action Plan in protest is initiated, will continue to monitor. No known action nationally.

Fast Fact-Still no action at the Canadian Tire lot. Any preparation for an IAP has been scaled back to regular HC corridor deployment. All still prepared to initiate IAP if necessary.

Unconfirmed gathering at Canadian Tire (Craigslist Post) never materialized. All quiet at the bridge. March for Freedom for Saturday the 12th at 1300. March along Tecumseh Rd E at Jefferson. Being monitored. Slow Roll (mostly east end) the 13th. Two weeks ago, same group slow rolled the county and stayed on the provided map. Route not anywhere bridge. Patrol aware.

All jersey barriers were removed overnight. Huron Church and College is wide open and open and operating under traffic signs. Traffic flowing normally.
